

GENERAL NOTICE

GN# 18-04

August 19, 2018

SUBJECT: Reverse Key Security
TO: Operations personnel and All Concerned

All service cars left unattended in the yard or at Richol Platform during regular operations must have their doors closed and the reverse key placed on the desk of the substation and the substation door locked. A reminder that all cars parked at Richfol platform must also be chocked. Safety is our first priority.

Kevin Zebley

Operations Manager
