Operations Department
OPERATING ORDER

OO# 19-01
May 22, 2019

SUBJECT: Suspension of Rule 117

TO: Operations personnel and All Concerned

Effective: June 28, 2019 and until further notice

This order will suspend Rule 117.

During events at the Washington County Fairgrounds that generate pedestrian traffic at Fairgrounds crossing, a mandatory safety stop shall be made at each facing point switch of Fairgrounds Siding.

Due to the new switches at Fairgrounds and the installation of grade timers Rule 117 is no longer needed and would only cause more confusion with the activation of the crossing flashers by a stopped car

Kevin Zebley
Operations Manager
